Dear Mr. Frank Mörschel,

The Ministry of Ecology and Natural Resources of Ukraine (hereafter - MENR) in response to the letter dated November 02, 2018, concerning the Award decision for QSM-2017-10-NAT-GIS "Testing and application of an "Automated System of the State Cadastre of Protected Areas" supporting the delineation of protected area boundaries."

MENR asks for cancelation of the Award decision for this QSM due to changes in the technical conditions and new framework proposed for this QSM.

With this letter we are also asking the PIU Implementing Division to inform the participants of the previous and now cancelled tender about this decision.

Many thanks for your assistance.

Sincerely yours,

Deputy Minister

Vasyl Poluyko
