

Quick Start Measure – Terms of Reference

Project	Support to Nature Protected Areas in Ukraine”, BMZ No.:2011.6612.3 and 2013.6588.1
Type	Quick Start Measure (QSM)
Title	Procurement of additional equipment for 23 motorcycles (Honda XR 150)
Short title	Motorcycles additional equipment
Reference number	QSM-2021-8-NAT- motorcycles additional equipment

1 Type of Procurement

This procurement is planned as a Quick Start Measure. QSMs are investments in protected areas of up to EUR 20.000 per contract. These measures are justified by three factors: their confirmed urgency, the absence of other imminent solutions and the need for rapid trust-building between beneficiaries and the Project.

This procurement falls under a procedure which was installed with the updated Project Management Manual (PMM) approved by MENR on 14.06.2021 and which received non-objection by KfW on 15.07.2021. Under simplified procedures and a newly introduced review method in the new Overall Procurement Plan, an entry of “P” (for “post review”) under column “Review by KfW” indicates that a procurement will be reviewed by the auditor and optionally by KfW.

This procurement is an addition to the LCB “Purchase of off-road and heavy terrain motorbikes for eight target protected areas” (LCB-2020-3-supply-motorbikes). This procurement is being conducted separately, rather than together with the mentioned tender, due to the following reasons:

1. The goods to be procured are largely standardized and available in the market. Significant differences in prices between suppliers are unlikely.
2. The official importer of motorbikes in Ukraine Pride Motors who appointed the dealer does not offer the needed transportation of motorbikes and the additional protection equipment.

This procurement belongs to the following sections under the project’s Overall Procurement Plan:

- Output 2: Selected protected areas have the necessary infrastructure, equipment and personnel
 - SA.2.2: The administrative teams, rangers and tourism personnel are equipped with all gear and items necessary to fulfill their work professionally and reliably (transport for rangers, uniforms, IT and computer equipment and others).

- T.2.2.3: Conduct individual procurements of equipment for target areas (incl. large tenders)
 - ST.2.2.3.7: QSMs for small procurements of equipment

The budget line for this procurement in the latest version of the approved Overall Procurement Plan is:

Output 2: Selected protected areas have the necessary infrastructure, equipment and personnel

The goods specified in this document shall be procured through collection of **three price quotes**.

2 Background and Justification

Reliable and sufficient transport is a pre-requisite of most protected areas in the world, especially when terrain is difficult or areas are large. The availability of transport sources is particularly important for PAs which are facing significant threats such as poaching or illegal logging – as is the case with most of the SNPA's target protected areas.

All eight target protected areas of the SNPA project are lacking modern, reliable, low-cost consumption and low-maintenance high clearance transport. Often ranger patrols are not carried out due to lack of transport, and in many cases, rangers use private cars or cover long distances on foot. This reduces the efficiency and effectiveness of the work of rangers and other PA staff. Availability of reliable and high-quality transport would therefore strongly improve the conservation and protection work conducted by PA administrations and empower PA staff to conduct more effective work on a regular basis.

The SNPA project is upgrading transport of rangers and other PA staff through the procurement of specialized off-road motorbikes for the target PAs. In a previous procurement, the project has already purchased 23 motorbikes (Honda XR 150) for five selected PAs (CBR, Synevyr NNP, Yavorivskiy NNP, Vyzhnytsky NNP, and Gorgany NR). This procurement aims to cover the delivery of the purchased motorbikes to these PAs and provide the PAs with important protection equipment to ensure high safety of PA staff when using the motorbikes. In addition, a small amount of smartphone holders shall be purchased through this procurement, which will serve as a pilot procurement for testing and may result in a larger procurement of smartphone holders if they turn out to be useful after the testing phase.

This procurement is well-suited to be conducted as a QSM, given that:

- a) The goods to be procured are largely standardized and commonly available in the market.
- b) The total budget amount is below 20.000 EUR.
- c) The provision of this equipment shall happen fast to allow for quick delivery of the purchased motorbikes and to immediately ensure the safety of PA staff after receiving the motorbikes.

3 Objectives and Expected Results

The main objective of this procurement is conducting the delivery of purchased motorbikes to five target areas and to equip the PAs with high class protection equipment for the use of the motorbikes. A small amount of smartphone holders shall be procured for pilot testing.

The table below provides details of the equipment and amounts to be procured.

	Characteristics	Unit
Smartphoneholder	The holder for the phone is on the handlebars of the motorcycle. The holder has a waterproof case and is suitable for the following smartphones: Apple iPhone 6 Plus, Samsung Galaxy S6, Samsung Galaxy S6 EDGE, Samsung Galaxy S5, Samsung Galaxy Note 4, Samsung Galaxy Note 3, and others. / Тримач для телефону на кермо мотоцикла. Тримач має водонепроникний чохол, та підходить до наступних смартфонів: Apple iPhone 6 Plus, Samsung Galaxy S6, Samsung Galaxy S6 EDGE, Samsung Galaxy S5, Samsung Galaxy Note 4, Samsung Galaxy Note 3, та інших.	2
Off-road Helmet	The helmet body is made of ABS plastic. Sunglasses are present. Helmet weight 1500 g + -50g. Available sizes S, M, L, XL. Possible colors: white, matte black, many colors. Similar or Acerbis is an Italian brand. / Корпус шолома виготовлена з ABS-пластика. Присутні сонцезахисні окуляри. Вага шолома 1500 г. +50г. Доступні розміри S, M, L, XL. Можливі кольори: білий, чорний мат, багато колірний. Подібний до або Acerbis - Італійський бренд.	23
Knee protectors (Impact evo)	Double hinge system. Single size. Internal removable lining. EVO shock-absorbing foam. Adjustable elastic Velcro straps. Approved and certified in accordance with EN 1621-1 / 2012 / Система подвійного шарніра. Єдиний розмір. Внутрішня знімна підкладка. Амортизуюча піна EVO. Регульовані еластичні ремені на липучці. Схвалено і сертифіковане відповідно до EN 1621-1 / 2012	23 pairs
Elbow protectors	Breathable fabric. The curved design is ideal for the anatomy of the elbow. Silicon belts for maximum compliance. The material is laid around the vulnerable areas of the elbow./ Дихаюча тканина. Вигнута конструкція ідеально підходить для анатомії ліктя. Кремнієві ремені для максимального дотримання. Прокладений матеріал навколо уразливих ділянок ліктя.	23 pairs
Body protectors	Body protection of Acerbic type. "Turtle" is equipped with strict protection of the chest, back, shoulders and elbows, clavicle protection. European certification and quality guarantee of all elements of protection (EN1621-199, EN1621-24), color of a moto turtle black-gray./ Захист тіла типу Acerbis. "Черепашка" оснащена жорстким захистом грудей, спини, плечей і ліктів, захист ключиці. Європейська сертифікація і гарантія якості всіх елементів захисту (EN1621-199, EN1621-24), колір мото черепахи чорно сірий.	23
Motorcycle gloves	The color is black CE EN13594 Level 1 approved. Goat skin, Amara skin. 3D Mesh Panel. Joint protection/ Колір чорний. CE EN13594 Рівень 1 затверджений Козяча шкіра, шкіра Amara. 3D Mesh панелі. Захист суглоба	23 pairs

Transportation of motorbikes	<ul style="list-style-type: none"> • Carpathian Biosphere Reserve – 7 motorbikes (Карпатський Біосферний Заповідник, місце знаходження: вул. Красне Плесо, 77, м. Рахів, 90600) • Gorgany Nature Reserve – 1 motorbike (Природний заповідник «Горгани», місце знаходження: вул. Комарова, 7 м. Надвірна, Івано-Франківська обл) • Synevir National Nature Park – 8 motorbikes (Національний природний парк «Синевир», місце знаходження: 90041, Закарпатська обл., Міжгірський район, с.Синевир-Остріки) • Vyshnitskiy National Nature Park – 2 motorbikes (Національний природний парк «Вижницький» (2 авто) місце знаходження: 59209, Чернівецька обл., Вижницький район, смт. Берегомет, вул. Центральна 27А) • Yavorivskiy National Nature Park – 5 motorbikes (Яворівський національний природний парк (2 авто), місце знаходження: 81070, Львівська обл., Яворівський район, смт. Івано-Франкове, вул. Зелена 23) 	23

4 Activities

To obtain the required goods, several qualified suppliers will be contacted and asked to provide price quotes for the provision of the specified goods. This QSM will be published on the SNPA website to allow for participation of additional qualified suppliers. At least three price quotes will be collected and the best proposal (technically compliant offer at the lowest price) will be selected for contracting. The proposals shall be sent to the following e-mail address: info@snpa.in.ua.

The price offers must be presented in UAH **without VAT**. According to the SNPA Project Registration card of the Material and Technical Assistance Goods, the goods are exempted from all taxes, duties and charges on the territory of Ukraine.

5 Delivery of goods

The delivery time is agreed upon when signing the contract. The preferred time of delivery is 10 days after the contract commencement date.

6 The minimum qualifications of the suppliers

Participating companies must be legal entities registered in Ukraine, PPE (physical person entrepreneur) registered as a third group.
