Quick Start Measure – Terms of Reference

Project	Support to Nature Protected Areas in Ukraine”, BMZ No.:2011.6612.3 and 2013.6588.1
Type	Quick Start Measure (QSM)
Title	Delivery of 48 motorcycles (Honda CRF300L)
Short title	Delivery of Motorcycles
Reference number	QSM-2022-5-Motorcycles Honda CRF300L - delivery to PAs

1 Type of Procurement

This procurement is planned as a Quick Start Measure. QSMs are investments in protected areas of up to EUR 20.000 per contract. These measures are justified by three factors: their confirmed urgency, the absence of other imminent solutions and the need for rapid trust-building between beneficiaries and the Project.

This procurement falls under a procedure which was installed with the updated Project Management Manual (PMM) approved by MENR on 14.06.2021 and which received non-objection by KfW on 15.07.2021. Under simplified procedures and a newly introduced review method in the new Overall Procurement Plan, an entry of “P” (for “post review”) under column “Review by KfW” indicates that a procurement will be reviewed by the auditor and optionally by KfW.

This procurement is an addition to the LCB “Purchase of off-road and heavy terrain motorbikes for eight target protected areas” (LCB-2020-3-supply-motorbikes). This procurement is being conducted separately, rather than together with the mentioned tender, due to the following reasons:

1. The services to be procured are largely standardized and available in the market. Significant differences in prices between suppliers are unlikely.
2. AHT GROUP AG did the customs clearance of the goods. The official importer of motorbikes in Ukraine Pride Motors delivered the motorbikes to the appointed dealer and does not offer the needed transportation of motorbikes further to PAs.

This procurement belongs to the following sections under the project’s Overall Procurement Plan:

- Output 2: Selected protected areas have the necessary infrastructure, equipment and personnel
 - SA.2.2: The administrative teams, rangers and tourism personnel are equipped with all gear and items necessary to fulfill their work professionally and reliably (transport for rangers, uniforms, IT and computer equipment and others).

- T.2.2.3: Conduct individual procurements of equipment for target areas (incl. large tenders)
 - ST.2.2.3.7: QSMs for small procurements of equipment

The budget line for this procurement in the latest version of the approved Overall Procurement Plan is:

Output 2: Selected protected areas have the necessary infrastructure, equipment and personnel

Activity No. [1]	Task No.	Previous coding	Procurement No.	Description green = executed black = planned blue = under implementation	Type of procurement [2]	Estimated Contract Amount	Source of Funds [3]	Procurement procedure [4]	Stages [5]	Selection method [6]	Review by KfW [7]	ESHS risk level [8]

The goods specified in this document shall be procured through collection of **three price quotes**.

2 Background and Justification

Reliable and sufficient transport is a pre-requisite of most protected areas in the world, especially when terrain is difficult or areas are large. The availability of transport sources is particularly important for PAs which are facing significant threats such as poaching or illegal logging – as is the case with most of the SNPA's target protected areas.

All eight target protected areas of the SNPA project are lacking modern, reliable, low-cost consumption and low-maintenance high clearance transport. Often ranger patrols are not carried out due to lack of transport, and in many cases, rangers use private cars or cover long distances on foot. This reduces the efficiency and effectiveness of the work of rangers and other PA staff. Availability of reliable and high-quality transport would therefore strongly improve the conservation and protection work conducted by PA administrations and empower PA staff to conduct more effective work on a regular basis.

The SNPA project is upgrading transport of rangers and other PA staff through the procurement of specialized off-road motorbikes for the target PAs. In a previous procurement, the project has already purchased 48 motorbikes (Honda CRF300L) for seven selected PAs (CBR, Synevyr NNP, Uzhansky NNP, Vyzhnytsky NNP, Carpathian NNP, Verkhovynsky NNP and Gorgany NR). This procurement aims to cover the delivery of the purchased motorbikes to these PAs from Honda dealer in Lviv Aria Motors.

This procurement is well-suited to be conducted as a QSM, given that:

- a) The services are largely standardized and commonly available in the market.
- b) The total budget amount is below 20.000 EUR.
- c) The provision of this delivery shall happen fast to allow for quick delivery of the purchased motorbikes.

3 Objectives and Expected Results

The main objective of this procurement is conducting the delivery of purchased motorbikes to seven target areas.

The table below provides details of the delivery.

Name of PA and address	Units
1. Carpathian Biosphere Reserve ADDRESS: Ukraine, 90600, Transcarpathian region, Rakhiv 77, Krasne Pleso Street./ Карпатський біосферний заповідник Адреса: Україна, 90600, Закарпатська обл., м. Рахів, вул. Красне Плесо, 77	5
2. Gorgany Nature Reserve ADDRESS: Ukraine, 78400, Ivano-Frankivsk region, Nadvirna, 7, Komarova str./ Природний заповідник «Горгани» Адреса: Україна, 78400, Івано-Франківська обл., м. Надвірна, вул. Комарова, 7	1
3. Carpathian National Nature Park ADDRESS: Ukraine, 78500, Ivano-Frankivsk region, Yaremche, 6, Vasyliya Stusa str./ Карпатський національний природний парк Адреса: Україна, 78500, Івано-Франківська обл., м. Яремче, вул. Василя Стуса, 6	12
4. Synevyr National Nature Park ADDRESS: Ukraine, 90041, Transcarpathian region Mizhhirskyi district, Synevyr-Ostriky village/ Національний природний парк «Синевир» Адреса: Україна, 90041, Закарпатська обл., Міжгірський район, с. Синевир, 1626	9
5. Uzhanskyi National Nature Park ADDRESS: Ukraine, 89000, Transcarpathian region, Urban village Velykyi Bereznyi, 7, Nezalezhnosti str./ Ужанський національний природний парк Адреса: Україна, 89000, Закарпатська обл., смт. Великий Березний, вул. Незалежності, 7	10
6. Verkhovynskyi National Nature Park ADDRESS: Ukraine, 78712, Ivano-Frankivsk region, Verkhovynskyi district, Verkhniy Yaseniv village, Pechishche, 3-A/ Національний природний парк «Верховинський» Адреса: Україна, 78712, Івано-Франківська обл., Верховинський район, с. Верхній Ясенів, прис. Печіще, буд. 3-А	9
7. Vyzhnytskyi National Nature Park ADDRESS: Ukraine, 59209, Chernivtsi region, Vyzhnytskyi district, Urban village Berehomet, 27A, Tsentralna str./ Національний природний парк «Вижницький» Адреса: Україна, 59233, Чернівецька обл., Вижницький район, смт. Берегомет, вул. Центральна, 27А.	2
Total/ Всього	48

4 Activities

To obtain the services, several qualified suppliers will be contacted and asked to provide price quotes for the provision of services. This QSM will be published on the SNPA website to allow for participation of additional qualified suppliers. At least three price quotes will be collected and the best proposal (technically compliant offer at the lowest price) will be selected for contracting. The proposals shall be sent to the following e-mail address: info@snpa.in.ua.

The price offers must be presented in UAH **without VAT**. According to the SNPA Project Registration card of the Material and Technical Assistance Goods, the goods are exempted from all taxes, duties and charges on the territory of Ukraine.

5 Delivery of services

The delivery time is agreed upon when signing the contract. The preferred time of delivery is 10 days after the contract commencement date.

6 The minimum qualifications of the suppliers

Participating companies must be legal entities registered in Ukraine, PPE (physical person entrepreneur) registered as a third group.
