<p>Regarding the document “Eligibility and Qualification”: At the very beginning of the document there are two lines “Name of Consultant” and “Name of JV Member” - what to write there in case of a PEs’ consortium. The names and profiles of PEs are given below, their consortium does not have a name, it's just FOP 1 + FOP 2 + FOP 3. Is it possible not to write (fill in) these lines?</p>	<p>In the header of the document “Eligibility and Qualification” – “Name of Consultant” – please specify the name of the main participant (leading partner), in the line “Name of the JV Member” – please specify the other members of a consortium.</p>
<p>Regarding “Financial Proposal Submission Form” – paragraph 2: <i>“Our attached Financial Proposal is for the amount of Euro (EUR) XXX, [Insert “excluding” as standard or “including”] of all indirect local taxes in accordance with Clause 25.1 in the Data Sheet. The estimated amount of local indirect taxes is EUR [Insert amount in words and figures] which shall be confirmed or adjusted, if needed, during negotiations”.</i> It is not entirely clear which option to choose here – should we include or exclude indirect local taxes and how to calculate their amount (if necessary)?</p>	<p>There is a link to “Clause 25.1 Data Sheet”. There you will see “not applicable”. So, you do not indicate any taxes (direct or indirect) and do not allocate them separately. You submit the final price without VAT. <i>“The estimated amount of local indirect taxes is EUR [Insert amount in words and figures] which shall be confirmed or adjusted, if needed, during negotiations – EURO 0”.</i></p>
<p>Regarding “TECH-3 Comments and Suggestions”: In the Block B “On Counterpart Staff and Facilities” key provisions are already given. Do we have to supplement (comment) them, for example, regarding the availability of the working space or is this text enough?</p>	<p>Please add/describe how these provisions will look like in your work.</p>
